

## We are as excited as you are!

With its baby visiting service, the Family Service Office in Osnabrück wants to personally give each newborn baby born in the municipality a warm welcome into the world.

Upon the birth of their child, the newborn's parents first receive a personal letter of congratulations from their administrative district. This letter contains information on the visit by the baby visiting service.

## The baby visiting service comes bearing gifts

- A gift voucher worth EUR 25 for courses such as baby swimming, baby massage, baby nutrition and much more
- Beautiful and practical gifts for you and your baby as well as information
- Advice on local care services
- Answers to your questions about the baby's first years
- Information on all important guidance and support services
